Connecting communities to the natural world through outdoor and edible education.

PEAS Program Options and Pricing 2020-2021 Outdoor and Edible Education

We ask a school to contribute no more than **\$7,500** per year for our signature program with PEAS committed to fundraising the remainder of the total \$14,000 cost for delivering year-round, TEKS-aligned, experiential education which includes a trained outdoor education specialist, curriculum development, all lessons materials, as well as community engagement support.

A deposit of \$500 (or \$250 for schools with over 50% of students receiving free or reduced lunch) holds the school's spot on our programming list and is required for us to pursue additional funds and begin lessons. The deposit applies towards the school's portion of the program fee.

PEAS is committed to ensuring equitable access to outdoor and edible education for **every** interested school, regardless of financial circumstances. **While we ask schools to work diligently to secure the school's portion of the program fee through parent enrichment fees, PTA funds, fundraisers, grant writing, and other sources of funding;** with a secured deposit, PEAS will actively seek funds for schools with over 50% of students receiving free or reduced lunch to cover to assist them in covering any remaining portion of the school's program fees.

The earlier a school gets on our programming list, the more likely we are to raise the full cost of the program fees. Most grants we receive apply to schools where over 50% of students are economically disadvantaged. **Registration for the 2020-2021 school year opens December 4, 2019.**

Option 1: Signature Outdoor (Every Other Week) Program

PEAS Provides:

- A PEAS educator leads 45 minute outdoor lessons one day every other week beginning in mid-October (& not including STAAR weeks) through mid-May.
- PEAS will lead up to 5 classes in one day. Depending on the numbers of the classes, this generally provides for 1-2 grade levels total.
- Lessons are aligned with science TEKS with an additional focus on health, math, and/or SEL.
- Lessons pre-teach, teach, or reinforce concepts outlined in AISD's YPGs and TEKS.
- **PEAS uses a partner-teaching model.** While PEAS will plan and lead the lessons and provide all materials, we expect partner-teachers to be actively involved in the lesson. Partner-teachers will stay with classes for the entire lesson/activity to bridge connections between the classroom and the garden and manage behavior issues as needed.
- This model provides experiential professional development for our partner-teachers.

\$7,500 per school year- Lessons delivered every other week

Deposit of \$500 (or \$250 for schools with over 50% of students receiving free or reduced lunch)

\$500 discount if paid in full by May 15, \$250 discount if paid by September 1, 2020.

Option 2: PEAS PLUS! PEAS Outdoor (Every Week) or add an Edible Education Program

Same as above but the PEAS educator leads 45 minute garden lessons one day every week beginning in mid-October (& not including STAAR weeks) through mid-May.

Delivery choice:

- Same 5 classes get the lessons each week
- 10 classes get lessons, 5 classes per week on a rotating basis

\$14,500 per school year- Lessons delivered every week

Deposit = \$750 (5% of total portion of school's program fee)

\$1,000 discount if paid in full by May 15th, \$500 discount if paid by September 1, 2020.

Additional Options: School Wide Programming Estimate for 30 Classes

Programming will start at the beginning of October and continue through May. No programming on STAAR weeks.

Pricing is based on the number of days/week we are providing a dedicated PEAS educator to your campus. If your campus has less than 30 classes, the price is the same, but the frequency of lessons increases.

Frequency PEAS visits	Frequency classes receive lessons	Price	Deposit* (5% of program fee applied toward program cost)
Option 3: 1 day/week (5 classes per day)	1x every 6 weeks	\$14,500	\$725
Option 4: 2 days/week (5 classes per day)	1x every 3 weeks	\$28,000	\$1,400
Option 5: 3 days/week ** (5 classes per day)	1x every 2 weeks	\$54,000	\$2,700

* Will require a signed letter of commitment by May 1st, so we can plan for staffing over the summer.

** With this option the PEAS' specialist will be dedicated fully to your campus and on-site 4 days every week.

Additional services including teacher professional development, coaching, outdoor classroom planning, and garden maintenance available for an additional fee on a case by case basis.
